

## PSW's Care Management is the connection between you and your provider.

Physicians of Southwest Washington (PSW) provides the medical management for your health plan. Our Care Management Team works with you and your provider to fill the gaps in the traditional health plan system by offering a range of services that are designed to meet your individual needs.

## PSW services are complimentary.

- ▶ Assistance with appointment scheduling
- ▶ Reviewing communication with your provider
- ▶ Identifying resources to overcome barriers in care. Such as: transportation, home assistance, access to medications & more
- ▶ Health education and advocacy
- ▶ Coaching for chronic health conditions
- ▶ Care coordination
- ▶ Care resources
- ▶ Support in continued wellness

### Remote Patient Monitoring (RPM)

Using technology - outside the traditional healthcare setting to support patients diagnosed with congestive heart failure (CHF) or chronic obstructive pulmonary disease (COPD).

### Advance Care Planning (ACP)

Building a plan to inform your family and healthcare providers about your preferences.

### Patient Care Binders

Patient care binders are designed to help organize your health care information. Use them to help track appointments, medications, medical records and individual health care needs.
